SCA
Sloped Ceiling Adapter

FEATURES

- The Sloped Ceiling Adapter provides an effective and attractive interface between sloped ceilings and Gotham recessed luminaires.
- Each adapter is scaled specifically to the aperture diameter of the luminaire.
- The adapter may be specified for 10- to 30-degree slopes in 5-degree increments.
- The self-flanged, heavy-gauge aluminum adapter is coated with a white, textured polyester powder finish for durability.

- Mechanical design provides simplified installation with integral tabs.
- Integral tabs support the adapter to the recessed downlight housing prior to installation of the trim.
- Gotham recessed housing and trim assembly ordered separately.

ORDERING INFORMATION

EXAMPLE: SCA6 15D

Series	Aperture	Degree of Slope
SCA	4	5D
	5	10D
	6	15D
	8	20D
	10	25D
	12	30D
